A FEW WAYS YOU CAN HELP FIGHT
FOR EQUALITY EVERY DAY:

TAKE ACTION FOR EQUALITY

1

Share this information with your friends, family and co-workers. Help them become supporters of workplace equality by factoring the information from this guide into purchasing decisions.

2

Advocate for equality in the workplace. If your company isn't on this list or you think it can do better, go to www.hrc.org/cei to find out how to engage your employer.

3

Get active about equality. Sign up for newsletters and Action Alerts at www.hrc.org/workplace.

The maxim that the customer is always right has never been truer in today's hyper-connected global market. Consumers can publicly praise or criticize businesses they patronize with the click of a button and influence friends' and strangers' purchasing behaviors. Businesses cannot afford to ignore the increasingly savvy and engaged consumer.

As consumers, you know that you have a choice. And with this Buying for Workplace Equality guide, providing the most accurate review of a business's workplace policies toward lesbian, gay, bisexual and transgender employees, we hope that you feel empowered to make those purchasing decisions that are most important to you.

This year's guide includes results from the 2016 Corporate Equality Index, which features 407 businesses that scored a perfect 100 percent. All scores are based on the same set of criteria, rating 40 LGBT-related policies, benefits and corporate practices among the largest US businesses.

While flipping through this guide, remember: by virtue of participating in the CEI, having an official score demonstrates a commitment to LGBT equality in the workplace. Official scores indicate that companies are publicly holding themselves accountable to you, their consumers, about how they treat their workforce. While 100 is certainly the goal, all official scores in this guide represent a meaningful journey to full LGBT workplace equality. You can learn more about all the work that is behind a business's score by visiting [***www.hrc.org/buyersguide***](http://www.hrc.org/buyersguide).

Whether you are buying a cup of coffee or renovating your home, by supporting businesses that support workplace equality you send a powerful message that LGBT inclusion is good for the bottom line. We hope that you will use this guide as one component when determining if a business's social practices make it worthy of your dollars.

QUESTIONS AND ANSWERS

Where do the scores in this guide come from?

The information in this guide comes from the 2016 *Corporate Equality Index*, the Human Rights Campaign Foundation's annual report card on corporate America's treatment of lesbian, gay, bisexual and transgender employees.

How are the scores calculated?

Businesses are rated on a scale from 0 to 100, based on whether or not they have policies that support LGBT employees. These include anti-discrimination protections, domestic partner benefits, diversity training and transgender-inclusive benefits. We provide an estimated score to businesses that have not, after repeated attempts, responded to the survey. An estimated score is reflective of the information that HRC has been able to collect without help or input from a business.

Why don't I see a business listed?

The Human Rights Campaign Foundation researches policies at more than 1,800 companies (including the Fortune 1000 and American Lawyer 200). However, we do not provide a business with an official score until we have collected and verified all the information we need. In all, we officially rated 851 companies in the 2016 CEI.

How can I get a business listed?

Any business with 500 or more U.S. employees can be rated. If you don't see a company listed, contact the Human Rights Campaign Foundation with any information you have about a company's policies on LGBT issues. Or, contact and motivate businesses to participate by letting them know that you make purchasing decisions based on how they scored in this guide.
