

Bellevue

LGBT SERVICE DIRECTORY

The LGBT Service Directory exists to provide our patients with the competent and sensitive care they deserve.

This is accomplished through a comprehensive listing of administrators and providers that have been designated as the LGBT champions in their area.

If a patient, or guest, wishes to know where to receive this care, you may find the information in the following pages.

For all inquiries, comments, concerns, or corrections that ought to be made, please contact:

Richard E. Greene, MD

(917) 414-4421

Physician - Medicine

Evelyn G. Borges

(212) 562-8114

<u>Please Note:</u> While these services are offered at NYC Health + Hospitals / Bellevue in a stand-alone fashion, the standard is a multidisciplinary team. We do not have a team currently. This is largely due to the fact that this surgery is typically not covered by insurance providers. However, this progress is in evolution currently.
