

# Protect yourself from HIV every day

**PrEP is a blue pill for people who are HIV negative and at high risk for getting HIV:**

- Men having sex with other men (MSM)
- Transwomen having sex with men
- Anyone having sex with multiple partners
- Anyone having condom-less sex with a partner with HIV
- Sex workers
- People who inject drugs and share their needles

For appointments, please call [REDACTED].  
We are open 9:00 am to 4:30 pm, Monday – Friday.  
Walk-ins welcome.

Status Neutral Care Coordination  
Pathways Center for Comprehensive Care  
SBH Health System  
4487 Third Avenue, 4th floor,  
Bronx, New York 10457

PrEP

# Protéjase del VIH cada día

**PrEP es un comprimido azul para personas que son VIH negativas y corren riesgo de contagiarse el VIH:**

- Hombres que tienen sexo con otros hombres (MSM)
- Trans-mujeres que tienen sexo con hombres
- Cualquiera que tiene sexo con varias parejas
- Cualquiera que tiene sexo sin usar un preservativo con una pareja que tiene VIH
- Trabajadores sexuales
- Personas que usan drogas inyectables y comparten sus agujas

Para hacer una cita, por favor llame al [REDACTED].  
Estamos abiertos de 9:00 am a 4:30 pm, lunes a viernes.  
Personas sin cita son bienvenidas.
