

OPEN

FOR BUSINESS

To Everyone!

Arizona is **OPEN** for Business to *Everyone*

Arizona is an incredible state in which to work,
raise our families and make a difference.

Discrimination is wrong and it is bad for business.

We are better than our reputation.

This is about letting the world know what we know:
Arizona is a *great* place to do business,
attract top talent, and make an impact.

**If you feel the same way, we ask that you proudly display
the “OPEN for Business to Everyone” sign in your
storefront, business, office or home.**
